Sinclair's Hotels & Resorts Enhances its Portfolio

Sinclair's Hotels & Resorts has announced the opening of its luxury resort named Sinclair's Retreat Kalimpong. This is the sixth property in the Sinclair's chain. Kalimpong is a picturesque hill station in the state of West Bengal. As far as the chain's presence in the north of West Bengal goes, Sinclair's Hotels & Resorts has properties in Siliguri, Darjeeling, Dooars and now in Kalimpong.

The resort is spread over five acres of landscaped greenery. The resort does justice to the awe-inspiring natural beauty of the hill station with many wonders of nature. The resort overlooks the Himalayas and a

forested valley, making it an ideal retreat for tourists and for hosting business meetings without distractions.

It has a total of 48 rooms and suites exuding luxury and comfort. The rooms

have a traditional fireplace, private balcony and garden. The resort has fully equipped banquets and conference halls, fitness center, spa, swimming pool and a reading lounge. The multi-cuisine restaurant, coffee shop and Spanish bar comprise the food & beverage offerings at the resort. The banquets and well designed gardens can make the property a wedding destination.

Till recently, a constraint for travellers visiting the tranquil Kalimpong known for its natural beauty was the paucity of quality accommodation. Now with the opening of the Sinclair's property this gap can be addressed to some extent.
