

Sinclairs announces reopening of its Siliguri property

JUNE 9, 2020, 11:28 AM / BY : TOURISM NEWS LIVE

Sinclairs Hotels on Monday reopened its Siliguri property, a few days after restarting operations at Sinclairs Burdwan. The hotel has been opened in line with protocols laid down by the authorities, the hospitality group stated in a press release.

Located at the Pradhannagar area, Sinclairs Siliguri is an expansive property spread over a campus of around 3 acres with a large lawn, a huge terrace and ample open spaces.

It has taken extensive steps in sanitizing the entire property and setting up safety protocols to ensure that all norms with regard to touch-free check in and check out as well as social distancing are in place. The hotel rooms and suites and the restaurant have opened, while the bar, swimming pool, gym and spa will continue to remain closed.

Sinclairs Siliguri has several conference and banquet halls, meeting rooms, open terrace and a large lawn for conferences and meetings. These are now available for meetings and get-togethers of up to 50 persons. There is a substantial demand for corporate meetings and strategy sessions, and Sinclairs Siliguri is well positioned to handle these conferences while fully maintaining the safety protocols, the press release added.
