Located enroute from Port Blaire to Corbyn's Cove, Sinclairs Bayview faces the Andaman Sea, and offers the most spectacular ocean views from each of its rooms. There are two separate blocks—one housing 18 superior rooms, and the second housing 28 rooms. Each of the rooms offers immediate access to the bay, and is the perfect retreat for those who want to get away from the hustle and spend their with the utmost privacy. There's a multi-cuisine restaurant, The Palm, which is known for its lavish breakfast spread, while The Coral Bar offers delicious snacks and drinks amidst its elegant setting. This is also a good base for those who want to explore some of the other islands on the archipelago.
